Membership FAQ

How many hotel rooms is one card valid for? Can I book discounted hotels for my colleague too?

One membership card can book up to 2 rooms at one hotel. This means that you cannot book one room for you and one for your colleague, the second person needs a card of their own. Seeing that it only takes 1-2 nights at a hotel to cover the cost of the membership card - it is really worth recommending Hotels Etc. to all your colleagues. <u>https://www.hotelsetc.com/membership-club/</u>
